**OBJECTION OF THE CITY OF DETROIT, PURSUANT TO
SECTIONS 105 AND 502(b) OF THE BANKRUPTCY CODE,
BANKRUPTCY RULE 3007 AND LOCAL RULE 3007-1,
TO PROOF OF CLAIM NUMBER 2958 FILED BY MICHIGAN
AFSCME COUNCIL 25 AND ITS AFFILIATED DETROIT LOCALS**

The City of Detroit (the "City") hereby objects, pursuant to sections 105 and 502(b) of title 11 of the United States Code (the "Bankruptcy Code"), Rule 3007 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules") and Rule 3007-1 of the Local Rules of the Bankruptcy Court for the Eastern District of Michigan (the "Local Rules") to proof of claim number 2958 (the "Claim") filed by Michigan AFSCME Council 25 and its affiliated Detroit Locals (the "Claimant") for the reasons set forth below. A copy of the Claim is attached hereto as Exhibit 1. In support of this Objection, the City respectfully represents as follows:

General Background

1. On July 18, 2013 (the "Petition Date"), the City filed a petition for relief in this Court, thereby commencing the largest chapter 9 case in history.

2. As of June 30, 2013 — the end of the City's 2013 fiscal year — the City's liabilities exceeded \$18 billion (including, among other things, general obligation and special revenue bonds, unfunded actuarially accrued pension and other postemployment benefit liabilities, pension obligation certificate liabilities and related derivative liabilities). As of June 30, 2013, the City's accumulated unrestricted general fund deficit was approximately \$237 million.

3. In February 2013, a state review team determined that a local government financial emergency exists in the City. Thereafter, in March 2013, Kevyn D. Orr was appointed, and now serves as, emergency manager with respect to the City (in such capacity, the "Emergency Manager") under Public Act 436 of 2012, the Local Financial Stability and Choice Act, MCL § 141.1541, et seq. ("PA 436"). Under Section 18(1) of PA 436, the Emergency Manager acts exclusively on behalf of the City in this chapter 9 case. MCL § 141.1558.

4. On May 5, 2014, the City filed the Fourth Amended Plan for the Adjustment of Debts of the City of Detroit (Docket No. 4392) (as it may be further amended, modified or supplemented from time to time, the "Plan") and the Fourth Amended Disclosure Statement with Respect to Fourth Amended Plan for

the Adjustment of Debts of the City of Detroit (Docket No. 4391) (the "Disclosure Statement"). That same day, the Court entered the Order Approving the Proposed Disclosure Statement (Docket No. 4401), thereby approving the Disclosure Statement as containing "adequate information" with respect to the Plan, pursuant to section 1125(a)(1) of the Bankruptcy Code.

Jurisdiction

5. This Court has jurisdiction to consider this matter pursuant to 28 U.S.C. § 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b). Venue is proper before this Court pursuant to 28 U.S.C. §§ 1408 and 1409.

Background Regarding the Claims Process and the Claim

6. On November 21, 2013, the Court entered the Order, Pursuant to Sections 105, 501 and 503 of the Bankruptcy Code and Bankruptcy Rules 2002 and 3003(c), Establishing Bar Dates for Filing Proofs of Claim and Approving Form and Manner of Notice Thereof (Docket No. 1782) (the "Bar Date Order"). The Bar Date Order established February 21, 2014 at 4:00 p.m., Eastern Time (the "General Bar Date"), as the general deadline for the filing of proofs of claim in the City's chapter 9 case.

7. On the General Bar Date, the Claimant filed the Claim, asserting liabilities in the aggregate amount of not less than \$8,718,697,854.82. The Claim expressly provides that it consists of a number of separate claims.

Claim, at 1. The Claimant filed the Claim for all amounts due to the Claimant and its members and former member retirees and future retirees with respect to an array of potential liabilities. Id. The Claim is protective in nature, identifying a series of broad categories of claims, as well as "any other claims which arise before July 18, 2014."

8. For example, the Claim generally asserts liabilities against the City arising from the following: (a) unfunded or underfunded pension obligations (including annuity savings fund obligations) owed with respect to the City's General Retirement System (the "GRS"); (b) unfunded or underfunded other post-employment benefit ("OPEB") obligations (including obligations owed with respect to the City's Health and Life Insurance Benefit Plan and/or the Supplemental Death Benefit Plan and/or other non-pension postemployment welfare benefits, including unfunded actuarially accrued liabilities); (c) grievances and other disputes under the various union contracts, the City Employment Terms (the "CETs") or other contractual obligations; (d) monies owed for violations of local, state or federal law and unfair labor practice charges; and (e) monies owed due to uncompensated services performed. Claim, at 1.

9. The Claimant asserts that not less than \$8.1 billion of the total liability asserted in the Claim arises in connection with underfunded pension and OPEB obligations. Claim, at Ex. 1. Otherwise, with the exception of certain

individual grievance claims and other matters, the aggregate amount of the Claim generally is not allocated between the diverse categories of liability asserted therein. See id. Moreover, it is unclear how the total asserted claim of \$8,718,697,854.82 was calculated.

Relief Requested

10. Pursuant to sections 105 and 502(b) of the Bankruptcy Code, Bankruptcy Rule 3007 and Local Rule 3007-1, the City seeks the entry of an order or orders disallowing and expunging the Claim to the extent invalid and liquidating any remaining portion of the Claim.

Objection to the Claim

11. Pursuant to section 101 of the Bankruptcy Code, a creditor holds a claim against a debtor only to the extent that it has a "right to payment" for the asserted liability. See 11 U.S.C. §§ 101(5), 101(10).¹ By contrast, there is no right to payment — and therefore no claim — to the extent that the asserted liability is not due and owing by a debtor. Section 502(b)(1) of the Bankruptcy Code further provides that a claim asserted in a proof of claim shall be allowed,

¹ Section 101(10) of the Bankruptcy Code defines a "creditor" in pertinent part as "an entity that has a claim against the debtor." 11 U.S.C. § 101(10). Section 101(5) in turn defines a "claim" as a "right to payment" or "the right to an equitable remedy for breach of performance if such breach gives rise to a right for payment." 11 U.S.C. § 101(5).

except to the extent "such claim is unenforceable against the debtor and property of the debtor, under any agreement or applicable law." 11 U.S.C. §502(b)(1).²

12. The Claim is the single largest partially liquidated claim filed against the City in this chapter 9 case. For all practical purposes, however, the Claim is unliquidated. The Claim is an extremely broad-based protective claim filed by the Claimant collectively on behalf of the individuals that it represents. The Claim provides on its face that it consists of a number of separate claims and asserts generalized and often unliquidated liabilities against the City covering dozens of topics and hundreds of individual grievances.

13. The City contests many elements of the Claim to the extent it understands them, but the liabilities asserted in the Claim frequently are too vague to permit the City to respond in a meaningful way. See, e.g., Claim, at 1 (providing that the Claim asserts liabilities for, among other things, "monies owed for violations of local, state or federal law" and "any other claims which arose prior to [the Petition Date]"). Other portions of the claims relate to hundreds of individual grievances and causes of action that cannot adequately be addressed in a single claim objection. An efficient process to resolve or adjudicate these disparate matters must be established.

² Section 502 of the Bankruptcy Code is made applicable in the City's chapter 9 case by section 901 of the Bankruptcy Code. See 11 U.S.C. § 901.

14. The largest amount of the Claim consists of \$8.1 billion in GRS pension and OPEB liabilities. Although the City contests the calculation of these amounts, the Plan addresses all pension and OPEB liabilities independent of the Claim by providing for the continuation of modified post-employment benefits for the individuals that the Claimant seeks to protect by filing the Claim. See, e.g., Plan, at §§ II.B.3.r, II.B.3.s (providing for, respectively, the preservation and treatment of GRS pension and OPEB claims). Accordingly, the Claim is unnecessary to preserve these individuals' rights to payment on account of such liabilities. Subject to the confirmation of the Plan, this portion of the Claim may be disallowed.

15. In addition, the Claim expressly asserts liabilities against the City arising from the imposition of the CETs. This element of the Claim is duplicative of proof of claim number 2851 filed by the Claimant and other labor organizations (the "Coalition Claim"), which claim asserts approximately \$242.6 million in liabilities arising from the imposition of the CETs.³ Although difficult to determine, the Claim also asserts liabilities that appear to be included in claims filed by City employees or retirees. The duplicative portions of the claim should be disallowed.

³ The City is objecting separately to the Coalition Claim contemporaneously with the filing of this Objection.

16. Other elements of the claim involve far reaching disputes and grievances of all sorts. For example, the Claim includes a 73-page chart identifying hundreds of individual grievances held by individuals represented by the Claimant. See Claim, at Ex. 2. These grievances are based on a wide array of employment and workplace issues, such as promotions, absenteeism, harassment, work assignments, suspensions, health insurance matters, work performance, overtime, wage calculation, theft, reductions in force and workplace conditions – to name just a few. Although the City anticipates that certain portions of these grievance claims could represent valid liabilities of the City in some unknown amount, the City generally disputes each of these individual grievance claims or portions thereof and believes that the total asserted amount of these claims (to the extent liquidated) is substantially overstated. In addition, many of the grievance claims asserted by the Claimant do not identify any liquidated amount of asserted damages. See id.

17. The City previously has contested many of these matters when they were asserted as individual grievances. Although arbitration of these prepetition grievances currently is stayed pursuant to sections 362 and 922 of the Bankruptcy Code, the City is engaged in active and productive mediations and negotiations with AFSCME regarding all grievances. In fact, AFSCME and the City have reached a tentative agreement on all outstanding prepetition grievances

asserted on behalf of individual employees for which AFSCME seeks monetary relief. As part of the settlement, the City expects AFSCME will withdraw its bankruptcy claims related to the settled matters.

18. In a similar vein, the Claim identifies several alleged liabilities related to various other proceedings identified in Exhibit 1 to the Claim, including a number of proceedings before the Michigan Employment Relations Commission. To the extent any such proceedings have not been adjudicated on a full and final basis before the applicable tribunal, the City disputes its liability to the Claimant or the individuals it represents on account of such liabilities.

19. In sum, the City has determined that it contests each of the diverse elements of the Claim and that the Claim should be disallowed to the extent each of the claims contained within these elements is (a) overstated or lacking in any legal basis, (b) duplicative of other claims asserted in the City's chapter 9 case by the Claimant or others or (c) otherwise addressed under the Plan independent of the filing of the Claim. Any potentially valid portion of the Claim would have to be liquidated after an appropriate briefing of the legal issues and, if necessary, the development of an appropriate factual record.

Request for a Status Conference

20. Given the size and scope of the hundreds of individual claims asserted in this single proof of claim, the City believes that, as a practical matter,

the Claim cannot be adjudicated through a typical claim objection proceeding. To the extent not resolved by the parties, the City submits that an efficient process must be developed to adjudicate or liquidate the various elements of the Claim on a rational and timely basis. As noted, the City has been negotiating with the Claimant about the various individual grievances incorporated into the claim and has initiated a dialog with the Claimant regarding the overall resolution of the Claim. The City intends to continue this dialog with the goal of proposing to the Court a process to efficiently brief and adjudicate each of the remaining elements of the Claim that cannot be resolved consensually. Based on the progress in negotiations over individual grievances, the City believes that the number of contested issues and the involvement of this court can be minimized.

21. Accordingly, the City requests that the initial hearing on this Objection be conducted as a status conference pursuant to section 105(d)(1) of the Bankruptcy Code, at which the parties may (a) report to the Court on their progress in resolving the liabilities asserted in the Claim, (b) report on any proposed procedures for completing the resolution of the Claim or, if necessary, adjudicating or liquidating any unresolved portions of the Claim and (c) seek the Court's guidance on these issues.

Reservation of Rights

22. The City files this Objection without prejudice to or waiver of its rights pursuant to section 904 of the Bankruptcy Code, and nothing herein is intended to, shall constitute or shall be deemed to constitute the City's consent, pursuant to section 904 of the Bankruptcy Code, to this Court's interference with (a) any of the political or governmental powers of the City, (b) any of the property or revenues of the City or (c) the City's use or enjoyment of any income-producing property.

23. The City reserves the right to amend or supplement this Objection as necessary or appropriate.

Notice

24. Notice of this Objection has been given to the Claimant and all parties that have requested notice in this case pursuant to Bankruptcy Rule 2002. The City submits that no other or further notice need be provided.

No Prior Request

25. No previous request for the relief requested herein has been made to this or any other court.

WHEREFORE, the City respectfully requests that the Court:

(a) sustain this Objection and (b) grant such other and further relief to the City as the Court may deem proper.

Dated: May 15, 2014

**Addendum to the Proof of Claim of
Michigan AFSCME Council 25, and its affiliated Locals of the City of Detroit**

This proof of claim (the “Claim”) is for all claims due to Michigan AFSCME Council 25 and its affiliated Locals within the City of Detroit (the “Claimant”), and its members, and former members/retirees (or future retirees with pension or other post-employment benefit obligations vested prior to the City of Detroit’s (the “City”) bankruptcy filing), relating to:

- (i) unfunded or underfunded pension obligations (including annuity savings fund obligations) owed with respect to the City’s General Retirement System (the “Pension Obligations”),
- (ii) other unfunded or underfunded post-employment benefit obligations (the “OPEB Obligations”, including obligations owed with respect to the City’s Health and Life Insurance Benefit Plan and/or the Supplemental Death Benefit Plan and/or other non-pension post-employment welfare benefits, including unfunded actuarially accrued liabilities),
- (iii) grievances and other disputes under the various union contracts, the City Employment Terms or other contractual obligations,
- (iv) monies owed for violations of local, state or federal law, unfair labor practice charges,
- (v) monies owed due to uncompensated services performed,
- (vi) any other claims which arose before July 18, 2013.

The calculated aggregate amount owed pursuant to these claims amount to not less than \$8,718,697,854.82. The not less than **\$8,718,697,854.82** amount asserted in this Claim consists of several separate claims.¹ (See attachment)

¹ The amount set forth in this Claim are estimates based on data provided to Claimant by the City, Collective Bargaining Agreements, the City’s General Retirement System and other third

On November 21, 2013, the Court entered its order establishing bar dates for filing proofs of claim and approving the form and manner of notice thereof [Docket No. 1782] (the "Bar Date Order") establishing February 21, 2014 at 4:00 p.m. Eastern Time as the general claims bar date for filing proofs of claim in this case. While individuals or entities holding claims for, *inter alia*, Pension Obligations and OPEB Obligations were not required to file proofs of claim pursuant to the Bar Date Order, as the City has not (to date) determined how the claims for Pension Obligations and/or OPEB Obligations will be asserted and/or allowed, portions of this claim are in reference to Pension Obligations and OPEB Obligations as a protective measure.

As the documents supporting this Claim – including without limitation the relevant statutes, charter and ordinances, collective bargaining agreements, City Employment Terms, grievances, arbitration awards, unfair labor practice charges, the books and records of the City and its General Retirement System, and the City's communications with its employees and retirees – are voluminous, they are not attached to this Claim. Copies of the relevant documents supporting this Claim are or should be, upon information and belief, in the possession of the City.

Claimant expressly reserves the right to amend this Claim to re-characterize or further characterize all or any portion of these claims as administrative expenses or priority claims or to include such modifications, deletions or additions as may be just and proper.

Pursuant to the Bar Date Order, individual members of AFSCME Council 25, its affiliated Locals, and the Coalition of Unions have a right to file a proof of claim on their own

parties. Claimant reserves the right to amend this Claim to include updated data, any appropriate changes in applicable actuarial assumptions which serve as the basis for the calculations of the amounts set forth herein, and any appropriate updates for Claimant's members or former Claimant members who have or may become eligible in the future for pension benefits but whose data was not included in the herein calculations.

behalf. Thus, Claimant reserves the right for other units or individual members to file proof of claims in addition to this claim. Claimant has put forth a good faith effort to provide an exhaustive list of all outstanding claims while avoiding duplicative filings; any unnecessary duplication is not intentional and will be resolved.

The filing of this Proof of Claim is not and should not be deemed a waiver of any Claimant's challenge to the legal validity of this bankruptcy or any legal claims relating to the bankruptcy and/or Detroit's assets. Furthermore, this Claim shall not be deemed or construed to be a waiver of the rights of the Claimant (1) to have final orders with respect to non-core matters entered only after *de novo* review by the United States District Court, (2) to trial by jury in any proceeding so triable in these cases or any case, controversy, or proceeding related to these cases, (3) to have the United States District Court withdraw the reference in any matter subject to mandatory or discretionary withdrawal, (4) to assert any other rights, claims, actions, setoff or recoupments to which the Claimant is or may be entitled in law or in equity, all of which rights, claims, actions, defenses, setoffs, and recoupment the Claimant expressly reserves, and (5) to assert any and all rights or claims against others jointly or severally liable for the sums claimed herein.

EXHIBIT 1 TO MICHIGAN AFSCME COUNCIL 25 PROOF OF CLAIM

<u>ISSUE NAME</u>	<u>DESCRIPTION</u>
Underfunded pension and post employment benefit obligations	Based upon data from the City and elsewhere, it is projected that the pension and health care obligations of the City's active employees and retirees amounts, in total, to no less than \$8.1 billion dollars.
Violations of local, state or federal law	Claimant asserts any and all claims arising from or related to every City breach of local, state or federal law, the orders of the Emergency Manager, or any other failure of the City or its agents to fulfill such legal obligations, to Claimant or its present or former members. This applies to legal violations impacting present or former union members for injury which has been, is presently or will be realized in the future. This applies whether or not such violations are identified herein.
Refusal to bargain AFSCME Local 1023: MERC Case Number D13 C-0331	AFSCME Local 1023 is a public safety local, and therefore its bargaining disputes must be resolved with binding arbitration pursuant to state law, if so requested by a negotiating party. The state labor board, in another case, ruled that 2012 Public Act 436 denied binding arbitration to public safety locals. AFSCME Local 1023 was not a party to that case and filed its own request for negotiation assistance with the state labor board. Local 1023 maintains a claim for the City's unilateral imposition of employment conditions, prior to binding arbitration, and contends that the state labor board interpreted Public Act 436 in error (by, for instance, not properly accounting for the other state law which requires binding arbitration).
Local 207, 2394 and 2920 DWSD refusal to bargain / Case Number C13 D-069	AFSCME water department locals were refused the opportunity to bargain a new contract, and incurred illegal changes in employment conditions.
Imposition of furloughs days in February 2013	In February 2013, the City unilaterally imposed furlough days, in violation of its obligation to bargain with its unions. The City required employees to take unpaid days off work at least twice per month. These furlough days were realized through the bulk of the 2013 calendar year, causing significant losses in wages and benefits that would have been earned or accrued during the lost time.
Detroit refusal to bargain concerning Transportation Locals: Case Number C12 H-157	The City has committed to bargain with AFSCME Locals 214 and 312. The members of these Locals work in the Detroit Department of Transportation. These locals, however, are part of a city-wide bargaining unit, as determined by Michigan courts. By refusing to bargain with the entire bargaining unit, but only select portions of the bargaining unit, the City is violating state labor law. Any changes in employment conditions realized by the entire unit – due to the City's failure to bargain – represent a claim.

AFSCME Council 25 (13th check ULP). MERC Case No. C12-E-092	On about November 30, 2011, the City passed an ordinance which curtailed payments into employee annuity accounts and stopped "13 th checks" being paid to retirees. By applying this change to union-negotiated benefits, the City violated state labor laws, by ignoring its bargaining obligation and repudiating its contractual obligations. An administrative law judge recommended a finding in favor of the Unions and estimated the award to be as high as \$174,000,000.
City of Detroit 2012 negotiations and implementation with Coalition: MERC Case No. C12 D-065, C12 F-125, C13 G-129	Following the negotiation of a Coalition tentative agreement in February 2012, the City violated state labor laws by refusing to execute that contract but illegally imposing other terms and conditions of employment. This includes wage and benefit concessions for all AFSCME members, which remain in existence today. The reader is referred to the Coalition of Detroit Unions Proof Of Claim, addressing the losses discussed therein. AFSCME's share of the Coalition proof of claim amount is in the range of 60% - 70%.
Violation of Privatization Ordinance	The City has repeatedly violated the City's Privatization Ordinance, prior to letting contracts to vendors to perform work normally performed by unionized employees. These claims are held by individual members of the Unions, as opposed to the union itself. Nonetheless, the claims seek all relief available to the employees under the law.
City of Detroit/DFFA/MERC: MERC Case No. C11 K-201	The union filed an unfair labor practice charge concerning removal of work from the applicable bargaining unit. This change impacted the employees who had previously performed the work.
City of Detroit longevity claim for AFSCME employees: Claim number 12-000522 and 12-000523; Wayne County Circuit Court Number 13-003430-AA	Under the 2005-2008 AFSCME union contract, employees had received a yearly payment, in December, based upon the number of hours they worked since the previous December; receiving the full longevity payment for hitting 1600 hours. Effective October 2010, the City imposed new contract terms on AFSCME employees, which removed the longevity pay. However, many AFSCME members had already worked the 1600 hours since the December 2009, entitling them to full longevity pay. Further, for members who had worked less than the 1600 hour threshold, they were entitled to prorated longevity payments for hours worked in each month during that year. The City refused any AFSCME members longevity pay, despite the clear contractual obligation. AFSCME members filed claims with the state for this payment, and the City challenged the payments. The claims were initially denied by the administrative law judge, and placed on appeal before Wayne County Circuit Court.

Negotiation of Local 542 supplemental agreement: MERC Case Number C07 L-033	MERC ruled that the City was obligated to negotiate a supplemental bargaining agreement with Local 542. Failure of the City to do so caused financial harm to members of this bargaining unit.
Detroit & SEMHA: MERC Case No. C05 H-194	The charge was filed to protest the layoff of four individuals from the Detroit Health Department and rehiring of them by a Detroit contractor, to perform the same work. The charge alleged a violation of state labor law. In the process of the hearing (despite repeated appeals, ancillary litigation and cancellations), the Union learned of other positions for which this occurred. The charge sought back pay and benefits for those impacted employees. The Union lost dues for those laid off members as well.
	Grievance Claims
Breach of contract claims	Claimant asserts any and all claims arising from or related to every City breach of the Council 25 Master Agreement, local supplemental agreements, Council or local memoranda or letters of understanding, the imposed City Employment Terms, the orders of the Emergency Manager, or any other failure of the City or its agents to perform any contractual obligation to the Claimant or its present or former members. This applies to breaches impacting present or former union members for injury which has been, is presently or will be realized in the future. This applies to all such breaches, whether or not listed specifically herein.
Exhibit 2 Listing of Specific Grievances	Exhibit 2, attached to this Proof Of Claim, contains a listing of a number of specific grievances filed by AFSCME Council 25 local unions. While this is intended to be a list of all active grievances currently in existence, derived after diligent search, Claimant reserves the right to add to or otherwise modify the list of grievances, or the description of any grievance listed therein.
City of Detroit/Human Services department: Grievance No. 25-01-12 / COA: 12-0077708-CL	In July and October, 2012, approximately 174 AFSCME Locals 1642 and 457 members, working at the Detroit Health Department and Workforce Development Department, were permanently laid off and replaced with employees from third party companies. The arbitrator found the City's actions to be in violation of the union contract, and awarded back pay and benefits to the members. The arbitrator's decision, confirmed by Circuit Court, is now on appeal.
City of Detroit Retirees Health Care: Grievance No. C10 A-025	In 2006, the City changed retiree health care benefits, requiring retirees to incur greater cost for health care. AFSCME filed a grievance on behalf of all AFSCME retirees (approximately 6,000), because the changes violated specific provisions of the union contracts under which the employees retired.
Payroll disputes	Repeatedly, the City of Detroit payroll system will not issue correct amounts of pay or benefits on payroll checks of AFSCME members. This problem has escalated over the years, resulting in significant losses of money and benefits for AFSCME members.

Detroit Service and Maintenance Outsourcing in Downtown Detroit: Grievance Number C09-078	In 2009, the City reduced the overtime of AFSCME members, due to work performed by private contractors, in the downtown Detroit area. This violation of Article 19 of the AFSCME Master Agreement continued for years after the fact. The violations impacted 40-60 employees throughout the period.
Tree Artisan failure to secure license: Grievance Number 727May08	Tree artisan employees in the AFSCME bargaining unit were discharged. The grievance was granted in that the City was required to pay for training and restore seniority to some employees. To the extent these benefits were not awarded, those employees have claims.
TOTAL CLAIM AMOUNT	Not less than \$8,718,697,854.82 (estimated)
